

## **Personal and Home Care Aide State Training (PHCAST)**

### **Online Training**

The Executive Office of Aging & Independence offers free, online courses in English, Spanish, Haitian Creole, Portuguese, Russian, Traditional & Simplified Chinese with spoken languages of Mandarin and Cantonese to prepare individuals to work as an agency-based Homemaker or Personal Care (PC) Homemaker to assist individuals to live safely in their homes. The courses present key concepts and in-depth knowledge of related topics and responsibilities. Learners take the course at their own pace on a laptop, tablet and/or smart phone. Upon successful completion of the assessments, learners will receive Certificate of Completions for either course. The courses are available to anyone interested in learning more about becoming a Homemaker or PC Homemaker, those seeking employment in the home care field or individuals looking to refresh their homemaker skills.

Providers can use this online course to train workers in its entirety as well as a refresher for specific skills. For more information, please visit: [Home Care Aide Training \(PHCAST\)](#)

The PHCAST job board for PHCAST is now available for learners who have completed and received their certificate. Providers must be *NOI Approved* and *ASAP Contracted* for the ability to create and post positions: [PHCAST Job Board](#)
